

JOHNNY DEPP PROGRESS NOTE 6/11/14

I met with Mr. Depp to review our treatment plan and introduce him to his nursing supervisor, Debbie Lloyd, R.N.. The patient is anxious to begin his program, has given us all of his remaining medications, and agrees to the following plans:

Medications - as listed in previous note.

Monitoring:

Complete lab evaluation next week, including CBC, comprehensive metabolic panel, PSA, H. Pylori titer, testosterone, Glycohemoglobin

**Upon return to Los Angeles - EBCT/lung CT/
Upper GI endoscopy/colonoscopy; consider full
Body scan**

Regular drug testing - consequences discussed

Met with the patient's security team, including Jerry, Nathan, and Stephen who agree to stay in close communication with me if treatment becomes complicated

The patient's examination is unchanged. Vital Signs are stable and unchanged from recent evaluation.

Impression:

Polysubstance abuse, under treatment for dopaminergic imbalance with Lithium 300mg bid to be increased to 300mg tid; Azilect 1mg daily; Adderall 5mg bid;

PLT / Def: 246
Date: 04/11/2022
Judge: PSA
Case: CL-2019-0002911

Insomnia, Rx with Ambien 10mg and add Compounded Melatonin 20mg

Chronic reflux, Rx with Prevpak empirically for possible H. Pylori; upper GI endoscopy upon return to Los Angeles with Dr. Simon Lo

Smoking, chronic; discussed detoxification after current treatment completed

Opiate Dependence; will maintain on current Norco dosage tid until current filming is completed in mid-late July. Mr. Depp agrees to undergo detoxification with Clonidine, Robaxsan, Bentyl, and anxiolytics.

Klonopin (Benzodiazepam) Dependency; Mr. Depp also agrees to detoxification from Klonopin using Phenobarbitol concomitantly with opiate treatment. This will all be done with nursing supervision in Los Angeles, 24/7.

Sobriety program; the patient agrees to see a therapist and be regularly drug tested in my office. The patient will participate in therapy with his fiancée, who agrees with the current therapy program.

Debra Lloyd, R.N., will remain with Mr. Depp during the current therapy, will personally dispense his medications, and will also interface with his security team to insure his compliance. I will return to visit Mr. Depp in Boston from 6/22-24/14 and be available 24/7 to the patient and his nurse.
