		Malcolm Connolly	Amber Heard	Me too! Believe it or not I have been fighting to protect him throughout this whole thing as well. I hope you know/ remember who I am and that you can't believe everything they're telling you. I hope you don't..... You know me! I never wanted anything from j!! I never want him to hurt! I've wanted this to stop the whole time. But they wouldn't. I've been unfortunately forced into defending all the lies and rumors they've put out there about me and I hate having to prove myself - - in front of the whole world! I know you know why that is so painful... You can imagine how terrible this has been for me too, certainly?! To be called a gold digger (imagine, me?!) and a liar. That's the worst part... How ironic is that? But please know, I didn't want any of this!! I really hope we can work something out! I've been asking for that (and only that) the whole time.....Anyway, I'm glad you're with him. Makes me feel better. Sorry to vent. I just wanted to check in with you. Sending you so much love and respect, Mal. Xo	06-16-16 5:39 PM
