Sweet brother outlaw... I have been proud of you before, but almost never have I been more proud of you than I am tonight. Doing what you did tonight takes fucking balls the size of the state we come from!!!! So fucking happy that you guys are figuring it out.

That's just not true!!! These past couple of days have her in the dark place, but she's not fucking miserable... She loves you so much and a loooooong fucking lifetime of happiness with you is all she wants. But you guys have to figure out some shit before you get there. And you will!!! Your hearts are fitted for one another and fucking worth figuring out!!!

I obviously can't read that girl's mind but I'd venture to guess that the only thing she wants tonight is to be at home with her husband and to fall asleep next to him.

I don't mean to speak out of turn but I've just spent a lot of time with her these past couple of days, just telling you what I see
