hello dear man...

how are you??? how does the appendicitis fare??? if you need any assistance in removing stuff, i can help!!!

thank fuck you're okay!!!

it has been a bumpy, yet, beautiful ride...

my mom, Betty Sue, as you know, has a relatively aggressive cancer and has had a malignant tumor removed from her brain and is now going to receive radiation on the lesion/spot/mass in her lung and we must now ride it out, to see if anything else pops up... she is doing great and is happy and comfortable. have been looking for big ass houses in beverly hills for her recuperation and comfort..

the Doc's in Kentucky said we'd be lucky to get three months... the Cedars fucking super team have given her what they feel is a solid year, to a year and a half(which, of course, she is not aware of)... so, my brother and sisters and i feel very lucky to have the extra time!!! she will exit in great celebration, surrounded by her progeny...

on the other side of the coin... my kids have fallen head over heels in deep love with Amber(my girl) and that pressure off my shoulders is fucking gone!!! that is, until the french extortionist(ex cunt) attempts to brain wash them against her... which, I'm sure is imminent.

i thank you dearly for yours and your dear one's thoughts and prayers for Betty Sue... she's a tough ol' bird and a very unique species. she's as tennessee williams as it gets... he would break through the barriers of life and death to cop a gander at her for even an hour!!! she's very, very funny and does not edit... she's like a fucking cracker jack box... you never know exactly what the prize is inside, but, it is bound to be weird!!!

let me know if you need me... I'm around and off "assisted living", as it were.

i love you...

becky
