Canceling the squeezing
and needles tonight... Need
to get the recluse out of his
cage and his brain...

How come you're
canceling? U ok? Not sure
what you mean by the rest
of your text

Please let me know if you need anything. I am here if you want to chat or want me to go hang at the house with you.

I'm in a very anxious and painfully confused state... Rather not get into details... But, in a nutshell... Problems with family, my company, the Ex, business manager and my fuckin' jumbled brain... Will need refills of meds tomorrow... Thanks, honey. X.
