Today I published this op-ed in the Washington Post about the women who are channeling their rage about violence and inequality into political strength despite the price of coming forward.

From college campuses to Congress, we're balancing the scales.

Opinion | Amber Heard: I spoke up against sexual violence — and fa...

We have an opening now to bolster and build institutions protective of women. Let's not ignore it.

I'm honored to announce my role as an @ACLU ambassador on women's rights.

The ACLU is the organization that first inspired me to become an activist, so I
